Surgical Essentials and  
Infection Control Products

 **aspen**surgical®

We're Aspen Surgical a supplier of surgical essentials. From the precision of the finest scalpel with our Bard-Parker® brand to our WriteSite® Plus skin markers that provide an accurate and reliable way to mark the incision site before surgery.

From one trusted supplier, you get a portfolio of essential, physician preferred medical disposables, sold through an integrated channel.

Our products help provide an easier set-up, clean up, and quicker turnover in the O.R. for surgical teams and facilities so they can focus on what matters the most – their patients.

From facilities across North America, our dedicated team designs, manufactures, and delivers high-quality products to healthcare facilities around the world.

Every day we strive to make a difference. Every day we hold ourselves to a higher standard, so whenever and wherever you need us, we'll be there.

Bard-Parker® Blades and Scalpels

Physicians and hospitals have relied on the Bard-Parker® brand for more than 100 years. They choose Bard-Parker blades and scalpels for their exceptional precision and quality. Today, Aspen Surgical produces Bard-Parker surgical blades, handles, and disposable scalpels in a broad range of conventional and protected styles.

All Bard-Parker blades and scalpels are made from a proprietary carbon steel composition and a manufacturing process that result in an exceptionally strong and precise surgical instrument. To ensure high product quality and prompt delivery, we proudly produce Bard-Parker blades and scalpels in the United States, where our robust manufacturing capacity ensures a consistent, reliable product supply. You have good reason to depend on Bard-Parker.

Bard-Parker® Conventional Blades

Product Details

- Bard-Parker Conventional Blades are the blades that physicians rely on day in and day out.
- High-quality blades for exceptional control during incisions
  - Bard-Parker’s exclusive Carbon Steel Rib-Back® Blades are designed with added rigidity for better strength and control
  - Reusable handles available for every blade size
  - Foil pouch packaging with a unique dual inner liner for maximum protection of both the blade and the end user
  - Not made with natural rubber latex and intended for single-use

**Bard-Parker® Protected Blade System**

**Product Details**

Sharps injuries can occur at any time: prior to, during, or after a procedure. The Bard-Parker Protected Blade System helps protect your staff before, during and after using the use of the scalpel. We designed the system with a similar weight and feel to our conventional products. It even uses the same stainless steel blades, but adds a locking retractable shield that features simple, one-handed activation.

- Similar weight and feel to our conventional scalpel
- Same stainless steel blade as our conventional scalpel
- Locking retractable shield with easy one-handed activation
- Long handle available with select blade sizes
- Can be used by a right or left handed surgeon
- Not made with natural rubber latex and intended for single-use

**Bard-Parker® Protected Stainless Steel Blades**

- O.R. Camera Cover**
- Helps save time and reduce inconvenience associated with having to sterilize reusable camera covers and helps enable a quicker O.R. turnaround time
  - The clear lens allows for complete visualization of the surgical field without distortion
  - Adaptors are currently available for many common O.R. cameras
  - Please contact your local Aspen Surgical representative for further adaptor information
  - Sterile, intended for single-use, and not made with natural rubber latex

Part No.	Description	Qty/Box
LT-C02	Camera Cover	20

- Specialty Disposable Light Handle**
- Designed to have a similar look and feel as the Trumph Medical™ reusable handle
  - Works with all Trumph Medical™ ALC plus surgical lights, including the TruLight™ 5000 and iLED® 3/5
  - Lens clarity is equivalent to the reusable handle, providing rapid response of the laser and sensor
  - Ultra-durable lens and a snap-on feature that helps allow quick and easy installation and removal
  - Light intensity can be adjusted with the touch sensors while the disposable handle is being used
  - Intended for single-use and not made with natural rubber latex

Part No.	Description	Sterility	Qty/Box
LT-ALC01	Disposable Light Handle	Sterile	18

- Standard Disposable Light Handles**
- Two systems offered for convenience: Rigid or Flexible Light Handle Cover
  - Helps eliminate costly reprocessing and create uniformity throughout your hospital
  - Adaptors are available for most of the popular lights
  - Please contact your local Aspen Surgical representative for further adaptor information
  - Sterile, intended for single-use, and not made with natural rubber latex

Part No.	Description	Qty/Box
LT-R01	Rigid Handle	24
LT-F01B	Flexible Cover (1 Each)	100
LT-F02	Flexible Cover (2 Each)	80
LT-F03	Flexible Cover (3 Each)	80

- Bard-Parker® Blade Remover**  
**For use with Bard-Parker® Blades and Handles.**
- Helps safely remove up to five blades from scalpels without the need to touch the blade
  - Helps to protect users from sharps injuries with the ability to safely unload contaminated blades into a secure channel
  - Clear lid allows easy counting of the blades that have been removed
  - Locking tabs prevent blades from being removed from device and clearly indicate when device is full
  - Adhesive backing secures device to many surfaces, including drapes
  - Features an audible and tactile response to ensure that blade is safely secure in device before removing scalpel handle
  - Helps to comply with OSHA Bloodbourne Standard 1910.1030(d)(2)(vii)(B) and AORN Recommended Practices
  - Intended for single-use and not made with natural rubber latex

Fluid Mgmt &  
Floor Safety

Colby™ Fluid Management Products

Our Colby™ line provides a convenient and effective means of managing infectious waste fluid generated during wet procedures. Our products help to reduce the likelihood of injuries associated with wet floors. They aid in protecting healthcare professionals and housekeeping personnel from contact with contaminated substances and help support your efforts to comply with OSHA’s Bloodborne Pathogens Standard. Our products do not change the contents of medical waste, but rather help your team to more effectively contain it.

SurgiSafe® Absorbent Floor Mats

- Help keep floors clean, dry, and slip-free, even during fluid intense procedures
  - Contains fluid in one place to help make operating room turnover time faster and more efficient
  - Absorb irrigates, blood, and bodily fluids through unique wicking, absorbency, and fluid retention properties, while conforming to uneven floor surfaces without bunching
- Help protect your staff from slips, trips, and falls in the operating room
  - Help reduce staff exposure to infectious waste
  - Helps eliminate using blankets and towels which can cause tripping hazards
  - Non-sterile, intended for single-use, and not made with natural rubber latex

SurgiSafe® Specialty Absorbent Floor Mats

Product Details

- Designed for strength and durability
- Features low profile design, which allows for foot pedals or stools to roll with ease
- Offered in large sizes to accommodate surgical procedures where more than one person needs to stand on the mat
- Blue mat features fluid barrier backing to help keep floor beneath dry and clean
- Yellow mat absorbs fluid from the top and bottom

**SurgiSafe® EvacMat® Absorbent Floor Mat**  
**Product Details**

- Combines the functionality of absorption and suction to aid in efficiently removing fluid waste from the O.R. floor
- Extremely quiet operation helps to decrease distraction of the O.R. staff- as quiet as an indoor conversation
- The top layer of the mat contains wicking to help prevent pooling
- Works well with wall suction
- Simple to use and clean up – red bag friendly
- Low profile allows for the O.R. staff to roll equipment over the mat without loss of suction
- Large enough for two people
- Provides cushion to help reduce fatigue during long procedures
- Aids in keeping the O.R. floor dry to reduce the risk of injuries elated to wet floors
- Non-sterile, intended for single-use, and not made with natural rubber latex

Part No.	Color	Absorbency Level	Fluid Barrier Backing	Size	Qty
95005	Yellow	Medium	Yes	91x122cm	5/Case

**SurgiSafe® CinchMat® Absorbent Floor Mat**  
**Product Details**

- Combines the effective absorbency of the SurgiSafe® mat with an easier way to handle the mat during disposal
- Pull cord design helps make clean-up and O.R. turnaround time simple and fast
- The top layer has wicking abilities that quickly absorbs irrigants, blood, and bodily fluids from the O.R. floor to help prevent pooling and splashing
- Skid-resistant fluid barrier backing helps ensure that the floor beneath the mat remains dry and prevents staining
- Aids in keeping the O.R. floor dry to reduce the risk of injuries related to wet floors
- Non-sterile, intended for single-use, and not made with natural rubber latex

Part No.	Color	Absorbency Level	Fluid Barrier Backing	Size	Qty
84625-C	Blue	Medium	Yes	81x116cm	10/Case

**ErgoSupport® Anti-Fatigue Mat**

- Intended to help reduce fatigue that healthcare personnel experience during long hours of standing in one location
- Uses a dual foam and gel technology to provide comfort under the foot
- The top surface provides a necessary friction level with damp or dry surgical booties
- The bottom surface is made of a high-traction material to provide slip resistance
- Available in four sizes
- Water-resistant
- Reusable for up to 6-12 months
- Non-sterile and not made with natural rubber latex

Part No.	Description	Color	Size	Qty/Case
82001	Anti-Fatigue Mat	Red	45x61cm	1
82005	Anti-Fatigue Mat	Red	45x61cm	5
83002	Anti-Fatigue Mat	Red	51x122cm	2
84003	Anti-Fatigue Mat	Red	51x81cm	3

**Entrance Mat (TacTec)**

- Intended to help remove foot borne particulate before entering the cleanroom
- Full coverage adhesive backing for adhering to the floor for use
- Seamless one-piece construction
- Numbered tabs provide easy identification and sheet separation
- Easy mobility for carts and wheeled machinery
- Polyethelene film contains a special anti-microbial agent providing long lasting protection against bacterial growth
- Non-sterile and not made with natural rubber latex

Part No.	Description	Size	Qty/Case
22-8110	Entrance Mat (TacTec)	45cm x 114cm	4 (30 peel off layers)

- ErgoSupport® Anti-Fatigue Step Stool Mat**
- Intended to help reduce fatigue that healthcare personnel experience during long hours of standing in one location
  - Made with polyurethane foam to provide comfort under the foot
  - Matte textured surface provides optimal friction to help prevent slips and falls
  - Features a low-profile, durable edges, and slip-resistant bottom
  - Sides are beveled to prevent tripping
  - Small size fits on operating room step stool
  - Fluid and dirt resistant with anti-microbial properties
  - Non-sterile and not made with natural rubber latex

Part No.	Description	Sterility	Color	Qty/Case
85005	Anti-Fatigue Mat	Non-sterile	Black	5

- ErgoSupport® Anti-Fatigue Step Stool**
- Stackable and interlocking cast aluminum step stool
  - Protected with an anti-microbial coating
  - Designed to eliminate sites for liquid pooling and debris accumulation to help reduce contamination
  - High density rubber foot pegs
  - Compatible with the ErgoSupport® Anti-Fatigue Step Stool Mat
  - Anti-slip surface for better stability
  - Non-sterile and not made with natural rubber latex

Part No.	Description	Sterility	Color	Qty/Case
ST-001	Step Stool	Non-sterile	Silver	4

- WaterBug Quiet Floor Suction® Device**
- Product Details**
- Efficiently suctions fluid waste to help reduce risks and maintain a dry operating room floor
  - Its raised design and 4 yards of flexible tubing allows for easy repositioning
  - Suctions unlimited amounts of irrigants, blood, and other bodily fluids from the floor
  - For thorough pickup, fluid is captured from the top via holes as well as from the bottom through suction and wicking action
  - Non-sterile, intended for single-use, and not made with natural rubber latex

Part No.	Description	Tubing	Qty
90010	WaterBug Quiet Floor Suction® Device	Yes	10/Case
90020	WaterBug Quiet Floor Suction® Device	Yes	20/Case
90030	WaterBug Quiet Floor Suction® Device	Yes	30/Case

- WaterBoom® Floor Suction Strip**
- Product Details**
- Helps hold back, contain, and quietly suction an unlimited amount of waste fluid
  - Provides strong suction, while conforming to your O.R. floor
  - Low profile helps you step over it without suction loss
  - 4 yards tubing attaches from the side to help reduce tripping hazards
  - This unobtrusive device does not require repositioning and is a good choice for those who prefer nothing at their feet
  - Non-sterile, intended for single-use, and not made with natural rubber latex

Part No.	Description	Length	Tubing	Qty
94010	WaterBoom® Floor Suction Strip	81cm	Yes	10/Case

AspenBasin® Fluid Waste Container

- Used for general disposal of waste fluids in the Catheterization Lab
- Helps reduce exposure to contaminated fluid and bloodborne pathogens
- Grooved disposal area allows for convenient placement of syringe during disposal
- Includes high fluid capacity exceeding 500ml
- Secure lid design allows for easy disposal
- Sterile, intended for single-use, and not made of natural rubber latex

Part No.	Description	Qty/Box
AB100	AspenBasin® Fluid Waste Container	10

ViraSorb® Solidifier

Product Details

- Evenly gels canister contents in seconds without stirring or agitating
- Non-toxic, Glutaraldehyde-free, and can be safely incinerated
- It does not revert back to a fluid state, helping to eliminate spillage and leakage, qualifying it as Solid Regulated Medical Waste
- Pour nozzles are included with multi-use bottles
- Non-sterile and not made with natural rubber latex

S-Vac® Fluted Channel Drains

- Designed to provide advanced drainage and increased patient comfort
- Fluted channel design helps minimize the chance of tissue in-growth creating the blockages that can cause premature drain removal when using standard drains
- 10mm Flat Fluted Drain provides 6-channels for optimal drainage, compared to the industry standard 4-channel design
- Soft, flat drain hubs offers enhanced patient comfort
- Exceptional flow rates provides improved drainage, helping reduce the chance of seroma formation
- Available with or without sharp stainless steel trocars
- Radiopaque
- Sterile, intended for single-use, and not made with natural rubber latex

Perforated Drains

- Discrete drain with our unique channel designed to help prevent collapsing or kinking
- Discrete drains contain internal ribs to help prevent collapse and occlusion of the drain
- 10mm discrete drain offers minimal transition from the drain hub to the drain tubing for ease of removal and added patient comfort
- Hubless styles also available
- Soft, silicone material
- Available with or without extra sharp stainless steel trocars
- Radiopaque
- Sterile, intended for single-use, and not made with natural rubber latex

Surgidyne® S-Vac® Silicone Bulb Evacuator

- Can be used with all Surgidyne drains to help promote fluid drainage
- Preferred by some physician specialties
- Sterile, intended for single-use, and not made with natural rubber latex

Part No.	Description	Qty/Case
322160	S-VAC® Silicone 100ml Bulb Evacuator	10

Sterion® Filament Reinforced Skin Closures

- Reinforcing filaments offer added strength for large skin surface closures
- Filament Reinforced Skin Closure style is accepted as the standard by most healthcare professionals
- Breathable material designed to allow moisture transmission, to help reduce the chance of skin maceration
- Less painful to apply than suturing or stapling providing more comfort to the patient
- No adhesive enhancers required
- Strips are curl-resistant
- Sterile, intended for single-use, and not made with natural rubber latex

**Sterion® Flexible Skin Closures**

- Non-woven flexible backing helps reduce the chance of skin shear that can occur when edema or flexing puts excessive pressure on the skin closure ends
- Less painful to apply than suturing or stapling, providing more comfort to the patient
- No adhesive enhancers required
- Sterile, intended for single-use, and not made with natural rubber latex
